## SKILLS

### Testing Skills

- Manual Testing
- Functional Testing
- Regression Testing
- Exploratory Testing
- Smoke Testing
- Sanity Testing
- UI/UX Testing
- End-to-End Testing
- API Testing
- Cross-Browser Testing
- Mobile Testing

### QA Process

- SDLC
- STLC
- Test Case Creation
- Test Execution
- Bug Tracking & Reporting
- UAT
- Bug life cycle
- Requirement Analysis
- Agile Methodology

### Tools & Technologies

- Jira
- Postman
- Chrome DevTools

## SOFT SKILLS

- Communication
- Problem Solving
- Team Leadership
- Team Collaboration
- Time Management
- Adaptability

## PROFESSIONAL SUMMARY

Detail-oriented Software Quality Assurance Engineer with 2+ years of experience in manual testing across web, mobile, and system applications. Strong understanding of SDLC and STLC with hands-on experience in functional, regression, smoke, and sanity testing. Skilled in API testing, cross-browser testing, UAT support, and bug tracking using Jira. Proven ability to ensure product quality through end-to-end testing and Agile development environments.

## EXPERIENCE

### Software Quality Assurance Engineer, Eitbiz

May 2024 – Present

- Executed manual testing across web, mobile, and system applications following STLC processes.
- Designed and executed 200+ test cases covering functional, regression, smoke, and sanity testing.
- Identified, documented, and tracked 300+ bugs using Jira and coordinated with developers for timely resolution.
- Conducted API testing using Postman to validate backend services and data flow.
- Carried out cross-browser testing on Chrome, Edge, and Firefox to ensure consistent application behavior.
- Supported UAT testing by validating business requirements and coordinating with clients.
- Participated in Agile sprint planning, testing cycles, and release activities.
- Ensured software quality across all stages of the Software Development Life Cycle (SDLC).

## PROJECTS

### Activity Tracking Chrome Extension

Evaluated browser activity tracking functionality and validated analytics data processing and reporting accuracy.

### On-Demand Cab Service Platform

Conducted end-to-end workflow testing including ride booking, driver assignment, trip tracking, and payment processing.

### Fencing Design Platform

Examined Google Maps integration, layout drawing tools, and material calculation features to ensure accurate measurements and system performance.

### Social Food Marketplace

Verified buyer-seller workflow, order placement, and real-time order tracking system functionality.

### System Inactivity Software

Analyzed inactivity timers, alert notification system, and automated screensaver functionality to ensure proper system behavior.

## EDUCATION

### Master of Computer Applications (MCA)

Jagan Institute of Management Studies (GGSIPU), Rohini  
2022 – 2024

### Bachelor of Computer Applications (BCA)

BVIMR (Pune University), Delhi  
2019 – 2022
